

FREE Palliative Care Training for Aged Care Providers

AGED CARE Training

Free palliative care training for aged care providers available in 2022-23 with a range of topics to accommodate the various learning needs of staff, families, residents/clients and volunteers

Topics:

1. Palliative Care
2. Advance Care Planning / Directives
3. Recognizing Dying and Symptom Support (non-clinical)
4. Grief, Loss & Bereavement
5. Self-care
6. Dementia & Palliative Care
7. Life Limiting Illness in the workplace

We understand the multitude of challenges faced by the aged care industry so we're offering flexibility with learning:

- Sessions can be face to face or online
- Times to suit staff and the workflow of the organisation
- Most sessions are 1 hour duration but a series of shorter “toolbox” sessions can be accommodated on site if preferable
- Longer sessions available (workshops 90min-2hrs)
- Topics could be delivered as a series of learning sessions for attendees (e.g. same time each fortnight or month)
- Recorded sessions (available for a limited time) accompanied with a questionnaire to assess competence
- Online sessions can be followed up with a live Q&A session for participant discussion
- A certificate of completion will be forwarded to attendees following sessions (for CPD hours)
