

## **Palliative Care Tasmania Annual General Meeting**

Tuesday 31<sup>st</sup> October 2023, 5.00pm

RACV Hobart Hotel, 154-156 Collins Street, Hobart

### **DIRECTOR BIOGRAPHIES (For Election at the AGM)**

#### **Sally Faulkner**

Sally has worked in health management for 30+ years starting her career in nursing in the 70s. Sally's nursing career spanned a variety of clinical settings giving an all-round generalist experience including midwifery, Intensive Care, Medical and surgical nursing. Sally believes her early clinical roles provided her with amazing opportunities to experience a broad spectrum of health care, in rural and remote setting, acute and subacute, public, and private throughout most states of Australia. Being part of a person's health/life journey is a privilege and to make a difference in a small part has always been her goal, whether that be as a clinician, manager or in a volunteer capacity. Sally is also passionate about mentoring the next generation of leaders in healthcare and community settings.

Prior to returning to Tasmania in 2019 to undertake the role of CEO The District Nurses, Sally held senior management roles as Chief Executive Officer/ Director of Nursing in Victoria and Director of Clinical Services Calvary Health Care Tasmania and General Manager/DON Northwest Private Hospital Burnie.

Sally has recently retired in August 2021 and is currently living on the East Coast, where she has taken on a variety of volunteer roles including President, Scamander Sporting & Community Complex which has provided her an opportunity to give back to the local community. The rest of her time outside of PCT and the Sporting Complex Sally enjoys life's simple pleasures: family, friends, a good book, or a walk on the beach.
